School Principal Elected

At the regular meeting of the Town Board of Trustees Saturday night Prof. John W. Taulbee, of Winchester, was selected as Principal of the Clay City Graded and High School at a salary of \$150 a month. Prof. Taulbee has had several years of successful teaching experience and comes well recommended. The Board has made diligent effort to secure the best teachers possible, and will do all in their power to provide for the patrons a first-class school. Miss Georgia Howell who was selected 2nd assistant failed to sign the contract and it is understood she will teach at Oneida Institute this year. The opening date of the Clay City school was definitely set at August 14th.

Clark to Improve Road

Clark county will improve its road from Lubegrud creek to Pilot View, using creek gravel to resurface it. It is indeed gratifying to the traveling public to learn that they will use gravel instead of hard stone or slate. Nothing surpasses gravel for an even surface on any road, and few things equal it. Powell has the best road in the country and it will be better when this good road is extended. Another much needed improvement is to reduce the curve on the Clark side in going off the bridge. This is a very dangerous place and should be remedied at once.

To Handle Overlands

The Clay City Garage will handle the famous little Overland automobile, the best and toughest light car on the market. Mr. Bashaw sold and delivered one of these machines Monday to a gentleman from Wolfe county. He will receive two more machines within a few days.

Copious Rains

Good rains have been plentiful the past week, keeping corn on the jump and grass growing rapidly. The ground has been kept too wet to stir for several days, which is delaying the laying by of corn for a more favorable time. The cutting of hay has also been stopped for a season.

Three New Fords

Joe Mountz reports the delivery of three new Ford cars as follows: One roadster, str. cli., to Dr. W. C. Martin; one roadster, str. dem. to John Goff; and one touring car str. dem. to Harrison Gross.

New Postmaster Takes Charge

H. H. Pherigo has taken charge of the Clay City postoffice. Miss Ethel White has been retained as assistant. The patrons of the office expect a splendid postmaster of Mr. Pherigo.

Don't let that sour stomach sour your disposition and make your life miserable, while Tanlac is ready to give you relief. Get it now. C. Shinfessel.

Our Governments a Burlesque

The Court of Appeals ruled the new registration law out of existence because of defects. This too after thousands of dollars had been spent for blanks. The same day the papers tell us the State is \$5,000,000 in debt. And all of this too brought about by government by the most learned and educated of the State. They seem to be unable to ever get in anything correct even after taking ten times too much time at doing a job. O! for the good old days when those in control were at least partially honest and so many crooks were uneducated and soon landed in the penitentiary where thousands of prominent citizens and officials should be, but escape because of shrewdness and much misguided learning.

Chautauqua at Stanton

The Radcliffe Chautauqua will exhibit at Stanton, Thursday, Friday and Saturday of next week July 13 15. Two programmes will be given each day, afternoon and night. This Chautauqua is a yearly feature at Stanton, and is one worthy of patronage by Powell county people. Persons of this vicinity desiring season tickets may buy them at J. J. Curry's cigar stand and confectionery.

Blackberries a Plenty

The good rains have produced a splendid crop of blackberries, the poor man's fruit crop. The berries are large and fine and in great demand. Pickers are paid fifty cents per bucketful at the patch. The chiggers have in their presence also, to claim a good portion of the pickers' time and attention.

To Drill for Oil

Knox and Williams have leased a lot of land on both Black creek and Brush creek for oil. They have let contract with Coleman Hall to begin drilling at once, and Mr. Hall has secured a rig and will begin to sink a well in short time.

Mill Will Probably Start

The Brodhead Garrett planing mill will probably start up within a week or ten days for a short run, as the company got in some lumber suitable for the planing mill.

Dr. Nickell Here

Dr. Nickell, the dentist, is at Central Hotel for a two weeks stay—till July 15th, to practice his profession.

A Good Thing to Know

Foley Cathartic Tablets are a genuinely wholesome physic—an ideal laxative. They keep the system fit and fine, purged of poisons and ready to resist disease. Miss J. Hunter, 1260 Stedman st., N. S., Pittsburg, Pa., writes: "I cannot praise Foley Cathartic Tablets too highly for what they have done for me." Sold everywhere.

The Strike

The railroaders' strike has affected Clay City but little, but at many other places it has seriously crippled business. Particularly is this true at Irvine and Ravenna where more than one thousand men walked out July 1st. There has been a slight reduction in freight rates, but the cut on the employees of the road will take care of that alright. The indications now are that most of the men will soon go back to work, and the matter be adjusted at leisure later. Most of the railroad men in this territory voted against the strike, and are now out against their will.

Marriage of Former Clay City Boy

The following is an extract taken from the Dayton Daily News, concerning the marriage of Shelby Burgher, son of Mr. and Mrs. A. M. Burgher, formerly of this city:

"The marriage of Miss Phylina Munson, daughter of Mr. and Mrs. J. C. Munson, of West Third street, to Shelby M. Burgher, of Carlisle avenue, took place Wednesday afternoon at 1:45 o'clock at the home of the bride's parents. Rev. C. O. Hawley officiated. . . .

"Following the luncheon the bride and groom left for Detroit. Upon their return they will reside at 23 Bellevue avenue."

Some Freight Reduction!

Ford cars are \$4.40 cheaper this week than last, this amount representing the difference in freight charges since the new rates went into effect. We can get some impressive figures on the volume of Ford business and freight charges by multiplying this factory's yearly output of 1,250,000 cars by the amount stated above. This gives us five and one-half million dollars on this one article alone.

New Auto Paint Shop

The Clay City Garage will open a new painting shop in conjunction with the repair department. Three cars are already on hand for repainting. This is a new departure in the garage business, but Mr. Bashaw's motto is "complete service."

Tanlac can bring health to you as it has to thousands of others. C. Shinfessel.

Where is the Difference

Should a man refuse to deliver a horse he had sold at a certain price because he could get more money from another person, he is held in the greatest contempt by everyone who learns of his perfidious acts. But teachers all over the country are getting schools and not taking them if they can get a larger salary elsewhere. These same teachers are held as models as well as teachers. They are poor models without question, and generally the person who will breach a contract, oral or written, when entered into with people of honor, make bad teachers and are wholly unfit to train the minds of the young.

Personal Paragraphs

Wm. Derickson, of Belle Point came down Saturday.

Frank Wright and Clyde Bush from the Bluegrass, were here over Sunday.

F. P. Newell, of the Big Sinking oil field, spent several days this week with home folks.

Mr. and Mrs. Vernon Conlee and baby, of Louisville, visited Dr. Martin and family over Sunday.

Mr. and Mrs. Charlie Barrett and H. G. Crabtree spent the Fourth in Beattyville attending the big picnic.

W. F. McCollum returned Saturday from the Johnson county oil fields where he has been the past seven weeks.

C. C. Eaton and daughter, Miss Florence, of Somerset, arrived Monday for a visit to relatives in and near Clay City.

Miss Bon Hieronymus, of St. Helens, was the guest of her friend, Mrs. Edmon Burgher, Saturday night and Sunday.

S. A. Easter and Mr. Crawford, of near Torrent, came down Saturday and spent Sunday with H. M. Curis, near Vaughn's Mill.

Dr. Albert Easter, of near Winchester, spent several days here last week looking after his farming and business interests.

Miss Lillie Burgher and little Miss Dorothy Hackworth, of Ravenna, spent Friday till Monday with their grandparents, Mr. and Mrs. Wm. Johnson.

W. P. Kincaid, of Irvine, was here this week to see his parents, Mr. and Mrs. J. F. Kincaid. Mr. Kincaid has recently opened a new piano store in Irvine.

T. G. White has gone to Mt. Vernon to be present at a trial of one of the Baileys to be called this week. The charge is conspiracy in the killing of Bev White some months ago.

Roger Steward, brother to Mrs. R. A. Jordan, was in a very serious condition Tuesday from asthma. The Jordan family was to have moved that day, but the young man's illness delayed them.

Mr. and Mrs. Alf Patton spent Sunday with friends in Clay City. Mrs. Patton has returned home, while Mr. Patton is staying a few days with us. Mr. Patton several weeks ago sustained a broken limb and has not since been able to use it.

Everett Hurt returned Monday from a week's stay at Somerset where he represented the Clay City Epworth League at the State Convention of Epworth Leagues. Young Mr. Hurt is president of the Clay City League. While at Somerset he was the guest of C. C. Eaton, formerly of this city.

George W. Wells and Ed Wells of Winchester, Mr. and Mrs. Haley Aldridge, of Winchester, and Pete Wells, of New Mexico, spent a few days this week with Mr. and Mrs. P. D. Todd. Pete Wells is a son of G. W. Wells and is a veteran of the world war. He is still a severe sufferer from being gassed while in France.

STANTON.

Mrs. Lue Dehart went to Hazel Green Monday to visit her brother, Pete Wills.

F. R. Blackburn, of Winchester, was here Monday shaking hands with old friends.

Mr. and Mrs. James Lacy, of Hazel Green, are visiting Mr. and Mrs. A. T. Stewart.

Quite a few of the boys of Stanton who are working at Newport are home for the Fourth.

Miss Bessie Hardwick, of Lexington, is here for a visit to her parents, Mr. and Mrs. Wm. Hardwick.

C. F. Spencer, A. E. Faulkner and J. M. Ashley, of Winchester, were court day visitors here Monday.

Mr. and Mrs. Robert Ewen and son, Ebon; Mr. and Mrs. Duett Ewen and daughter, Lillian, and Miss Nancy Ewen spent the day Sunday with Mr. and Mrs. Tilford Bowen at Kiddville.

County Clerk I. S. Boone reports the following marriage licenses issued in June:

Oscar Means, 21, to Mrs. Daisy Lowe, 28, of Rosslyn.

Wallace Martin, 21, to Miss Bertha Yarber, 20, of Lombard.

Roscoe Morrison, 23, to Miss Vertna Spencer, 17, of Tabor.

J. L. Centers, 40, to Miss Carrie Shockey, 22, of McCormick.

John Prewitt, colored, 37, to Miss Julia Edna Clark, colored, 21, of Winchester.

To the Auto Public

For more than two years we strove to accommodate the automobile public with our very best efforts. We sold the best gasoline, oil and accessories we could get. The night was never too dark, the weather too frigid, nor the hour too late, to render the best service we had. In return for this service, the public gave us a liberal patronage, and for this we extend to all our sincerest thanks.

We are succeeded by the Clay City Garage, Wm. Bashaw, Prop., which will give the public even an improved service. Mr. Bashaw merits your patronage, and we most respectfully ask you to not forget the Clay City Garage when you come to Clay City in auto or for auto service.

Very respectfully,
Clay City Motors Co.

The Glorious Fourth

The glorious Fourth has come and gone and was celebrated by the banks and postoffices. Others of us put in full time as is usual.

Coughed so He Could not Sleep

Tickling throat, bronchial coughs and asthmatic spasms break one's rest and weaken the system, and serious sickness may result. Enos Holbert, Paoli, Ind., writes: "I had a severe cold and coughed continually at night. Could hardly sleep. Foley's Honey and Tar stopped my cough." Sold everywhere.

Look Out for Mad Dogs

Prevalence of rabies in all parts of Kentucky has led the State Board of Health to issue a new warding that all persons bitten by dogs promptly should take measures to protect themselves. Twenty persons in localities scattered all over the State have applied to the board for treatment for the disease in the last thirty days.

The first step to be taken, according to Dr. Lillian South, director of the board's laboratories, is to confine the animal that has done the biting. She emphasized the fact that it is not necessary to immediately kill the dog. If he lives nine days it is certain that he has not rabies, and no further steps need be taken.

If he dies before the expiration of this period of confinement, however, his head should be sent to the laboratory of the State Board for examination. There it will be determined whether or not he was afflicted with rabies. In case the former is true the person bitten should take the serum treatment for the disease, as when it develops in a human being it invariably is fatal.

This serum treatment can be obtained free of charge at the State Board's laboratories, or it may be obtained by persons out in the State unable to come to Louisville through their County Health Officers or other physicians.

Says It Acted Like a Charm

Summer coughs and colds are usually persistent and obstinate. All the more reason for using a reliable remedy. Mrs. Margaret Smale, Bishop, Calif., writes: "Foley's Honey and Tar is a good remedy. Suffered from a cold last week, used it, and it acted like a charm." Sold everywhere.

GENET

Corn most all "laid by".

Crops of all kinds looking fine.

Apples, peaches, blackberries in abundance.

Randall Hanks, of South Fork, was the guest of V. C. Martin last Sunday.

Messrs. Wheeler and Francis, of the Petroleum Exploration Co. and H. S. Martin, Notary Public, were leasing oil and gas lands here last week.

Three cheers to the Slade correspondent for the suggestion to the voters of Powell county in regard to registering on the 10th and 11th. Here is a "Hill Billy" that is of the same opinion, but when it comes to voting go for the "man" and let the "party" do the guessing as to who will win and who will sulk in his tent next day. We are not an expert moulder of public sentiment, but when it comes to voting we do claim to be a factor spelled in Kar-box letters.

Firestone GUM-DIPPED CORDS -and Their High Mileage Records

The high mileage records of Firestone Cords continue to emphasize the fact that Firestone methods are different and better. These records, steadily increasing in number and in mileage totals, justify the Firestone contention that there is one best way to build tires.

Among the primary sources of Firestone extra mileage is double gum-dipping—the saturation of the cord plies in a vat of liquid gum—thus coating each cord and virtually eliminating internal heat and friction.

Another is Firestone air bag curing, with its 200 pound pressure, which places every cord accurately and equalizes the tension.

By blending the rubbers of different plantations and types, and by tempering it before mixing, Firestone men add still more mileage.

Many cord tires are good—a few are better—Firestone users say one is best.

Those who have already experienced Firestone mileage, have stopped shopping and experimenting—they have made these cords standard equipment. Investigate your friends' success with Firestone Cords—and buy your next tire accordingly. Come in and get your share of extra mileage.
